

Board Members

Mr. Ryan Ferrera, Principal
Ms. Wendi Gruninger, PAC Chairperson
Mr. Mickey Orrell, PAC Vice-Chairperson
Ms. Montrece Bell, PAC Secretary

Discussion Topics:

1. COVID Updates

- The Governor issued Executive Order 2, effective 1/24/2022, giving parents a choice in masking. At this time, little guidance has been given as there is much analysis and interpretation to necessary. A statement is expected from the Virginia Department of Education.
- With OSHA's recent ruling regarding vaccinations, this could potentially alter PWCS' approach requiring employees to be vaccinated or tested on a regular basis. Battlefield is a testing site.
- Test kits are now available in the nurse's office for symptomatic students.
- Quarantine requirements have resulted in uncomfortable situations between parents and staff.

2. Tutoring

- The Battlefield website contains extensive information regarding tutoring opportunities available to students. Information can be found under school news.
- Teachers who are part of the high-dosage tutoring initiative will meet with struggling students in their classes.

3. PWCS Heals - Social-Emotional Component of PWCS Strategies for Learning Loss

- Funding for this initiative was based on survey results and number of visits with counselors.
- Teams of teachers and counselors will be trained to address negative mental health aspects of the pandemic.

4. Inclement Weather Changes

- This year, Code Orange will be an optional day for students. Teachers will have office hours by department. No new work will be presented, and attendance will not be taken.
- Next year, a Code Orange will function as a virtual synchronous day.

5. SACI Update

- I have attached the slides.

6. Open Share/Other Business

- No new business.
