Educational Services: Differentiated Classroom Services and Gifted Education Resource Services  
Gifted Education Resource Teacher: Ms. Gina Burke Date: 10/21/22

This student has been identified for services through the Prince William County Gifted Education Program. The student will receive differentiated classroom instruction with support from the gifted education resource program as well as direct resource services from a gifted education resource teacher. The progress of each student receiving resource services is reviewed on a semester basis. Progress reports are sent to parents or guardians each semester. If this student's learning needs indicate a need for re-evaluation to determine the most appropriate placement designation and to establish which of the gifted education programming options available in Prince William County Public Schools would be most effective in meeting his or her assessed learning needs, parents or guardians will be notified before any re-evaluation process begins. Parents or guardians may also request such a re-evaluation.
