

## Am I Ready to Take AP/Advanced Courses??

**Yes**    **No**

- I am interested in the subject matter.
- I consistently do my homework, including advance preparation, studying/reviewing notes, and being prepared for the next day's class.
- I have excellent class attendance.
- I work well independently.
- I have been enrolled in previous Advanced and/or AP courses  
→ If no, I understand the workload will be more challenging than in my previous classes and I will be responsible for working more independently.
- I understand that earning an "A" in this course will not be easy.
- I enjoy finding things out on my own rather than being told by the teacher.
- I am well organized and accept responsibility for more than one assignment at a time.
- I am willing to commit to independently completing any required summer assignments.
- I take responsibility for my own learning, attendance, and seeking help when needed.
- I understand that I will be expected to take the AP exam(s) that correspond to AP course(s) in which I enroll.
